

Emília Schmidtová

Digital marketing & e-commerce

For three years I've helped run **a network of 8 online stores across Central Europe** – from product data and campaigns to the look of our physical store. I automate repetitive work with AI and **built 3 tools** you can try live.

8 online stores
in 8 countries that I work on every day

4,800+
products in the catalogue I manage

3 AI tools
working and live in my portfolio

EXPERIENCE

L — E-commerce & Marketing Assistant
06/2023 – now

LEDart s.r.o. · LEDAKCIA · Bratislava

alongside studies · full-time in summers

Product catalogue
8 Shoptet stores (SK, CZ, PL, AT, HU, HR, SI, RO): new listings, specs, pricing and photos.

SEO copy & localisation
Product descriptions for 8 markets, with translation scaled using AI.

Campaigns & agency coordination
I coordinate campaigns with our marketing agency in Latvia (briefs, product information, feedback) and prepare banners and posts for promotions such as "Buy 1, Get 1 Free".

Store & visual merchandising
Arranging products and lighting displays in our Bratislava store, keeping it clean, organised and easy to shop.

P — Administrative Assistant
01–03/2021

Prvá stavebná sporiteľňa, a.s. · documents and Excel data entry

AI PROJECTS

Popisovač — Generative AI
Turns product specs into a description, SEO title and Shoptet HTML in 8 languages at once.

Bannerovač — Automation
One promotion → 32 banners for web, Instagram and Facebook, with translated wording and prices in each market's currency.

Lighting Advisor — Customer tool
Four questions → the right light and real products. Plus an in-store poster with a QR code.

All three tools live at **schemilkabb-bit.github.io**
